

The Bulletin

Norwich, Wednesday, July 13, 1921.

WEATHER
Conditions

The pressure remains high off the Atlantic coast and it is quite uniform over the United States.

Within the last 24 hours there were local showers and thunderstorms in the Atlantic states. The outlook is for considerable cloudiness and scattered local showers in the Atlantic states.

No material changes are indicated for the eastern half of the country during the next 48 hours.

Winds

North of Sandy Hook—Gentle variable winds, overcast weather, probably local fog Wednesday.

Sandy Hook to Hatteras—Gentle to moderate variable winds, overcast weather, local showers Wednesday.

Forecast

New England—Partly cloudy Wednesday and Thursday; no change in temperature.

Six hours after high water it is low water, which is followed by flood tide.

TAFTVILLE

Mr. and Mrs. Thomas Singleton of Providence, R. I., are the guests of Mr. and Mrs. Edmund Hinde of North Street avenue.

Raymond Carter is spending a short vacation with his aunt, the Misses Stubbs of North B. street.

Miss Aris Cobb of West Windham is the guest of Miss Caroline Vail.

Herbert Goodsell has resumed his position with the Pomeroy Co., and has left town.

Miss Anna and Rosalind Gadsbols are enjoying their annual vacation at George Beardsley's place at Pine Grove, N. I.

The property holders held their regular monthly meeting Monday evening in the Merchants' exchange fire station, with Edward Adams presiding. The regular routine business was transacted and was followed by the gas question. A number of the villagers are in favor of having the piped to the village from Norwich and before anything definite is done estimates will be made. A petition is to be circulated later.

ISLAND FORTS WILL HAVE BUT FEW SOLDIERS LEFT

Twenty-five soldiers at Fort H. G. Wright, Michie and Terry were discharged from service at Fort Wright Monday night. It was reported that the funeral of Corporal Irving E. Bogue, for which a military escort is to be provided, was to be held this (Wednesday) afternoon.

The date for the funeral has not been set as yet. The body of the soldier has arrived in New York city and will be forwarded here by the government, but it cannot be told yet when that will be.

The funeral will be held at the Norwich Elks' home, Corporal Bogue having been a member of Norwich lodge No. 430, B. P. O. E. The arrangements will not be announced until the body has been brought to this city.

Applications for discharge were received from about 150 men stationed at the island forts. These applications go to corps headquarters at Boston, where they are either approved or disapproved, and returned to Fort Wright. Applications will be released as their applications are returned from Boston, and it is expected that every man who has applied will be released from service by the end of the present week.

The reduction of the island forts will leave the three important posts with only a couple of hundred men.

Looking for East Hampton Couple.

Accusing his brother of having run away with his wife, John L. Beers of East Hampton, Conn., has asked for police to be on the outlook for the runaway couple. They are pretending to be Mr. and Mrs. John L. Beers, and have taken John's marriage certificate. The accused man's real name is Oscar, and his age 52, according to the information furnished the police. The woman in the case is said to be 35 years of age. The couple are believed to be headed for Greenport, L. I.

Dr. Markoff on Visiting Staff.

Dr. Kopland K. Markoff who has been in New York for the past year specializing in diseases of the eye, ear, nose and throat, has recently been appointed to the visiting staff of the Manhattan Eye, Ear and Throat Hospital, one of the largest hospitals of its kind in the country. Its clinics average about 20,000 patients a month. Dr. Markoff contemplates returning to Norwich soon and devoting his practice exclusively to diseases of the eye, ear, nose and throat.

ANOTHER

NEW STORE FOR

THE PASNIK CO.

36-38 High Street, Westerly

Again we thank the public of Norwich for giving us a start.

Less than 5 years ago we laid our business cornerstone in a small store at 158 Main Street.

TRUE AND HONEST VALUES OUR GREAT SUCCESS—

and here is a word to the man who works off a salary.

NEVER GIVE UP HOPE

Alex M. Pasnik, the Owner of the Pasnik stores worked for a salary less than 5 years ago. He was then more than 40 years old—chances were probably 50 to 1 against a man at that age that he would ever become his own boss and a success.

BOYS, NEVER GIVE UP THE SHIP.

WHEN YOU WANT to put your business before the public, there is no medium better than through the advertising columns of The Bulletin.

Supt. Wilcox Reports To Hospital Trustees

The trustees of the Norwich State Hospital met for their annual meeting at the hospital on Tuesday morning at 10 o'clock. The annual business of the trustees was transacted and several of the new projects at the hospital which include the laying of the water main connecting the hospital with the city water supply, the purchase of the Dawley property and the installing of a new boiler to give more heat and power to the hospital, were under discussion.

Dr. Franklin S. Wilcox, superintendent, made his annual report which showed that much had been accomplished during the past year and that the hospital had never before been in such excellent condition.

In his report he said that 4,000 feet of the pipe line from the hospital to the city line on Laurel Hill avenue had been laid and that for the protection of the public three guards had been stationed along the line of work. These guards direct the traffic and perform an excellent service in keeping the traffic moving without danger of accident.

The purchase of the Dawley property although the transaction has not been closed will add a large acreage to the hospital property on the north side of the main grounds. New buildings are to be erected for which an appropriation of \$20,000 has been made.

The new boiler to be installed will be of 400 h. p. capacity and provide more adequate heating and power facilities that will be needed when the new buildings are erected and occupied.

The new psychopathic ward has been opened during the past few weeks and although not filled to capacity there are many patients there and the ward is proving a great success. The new tubercular ward is to be opened during the next week. The ward has long been needed as many cases of a tubercular nature come to the hospital and can be cared for under the best of circumstances. This ward is admirably situated on high ground to the southeast of the main hospital building and is modernly equipped for the combating of the disease.

Another thing that is planned is the irrigation of the hospital grounds from the hospital's own reservoir. This will not take place until the pipe line connecting the hospital with the city supply has been completed.

There was a report from the visiting committee, Ex-Governor Woodruff and Attorney Arthur E. Libby, which showed that in their inspection of the hospital the affairs of the institution were being conducted. After the meeting the trustees inspected the hospital and grounds and the new buildings that are in the process of erection and other improvements.

Dinner was served at the residence of Dr. Wilcox at 2 o'clock at which many of the wives of the trustees were present.

PROGRAMME ARRANGED FOR BAPTIST RECOGNITION SERVICE

The programme arranged at the Central Baptist church for Thursday evening for the recognition service for the new pastor, Rev. David A. Pitt, D. D., will open with the reading of the Scriptures by Rev. George H. Strouse of the First Baptist church, representing the New London Baptist Association. This will be followed by prayer by Rev. S. H. Howe, D. D., of Park Congregational church, representing the other churches of the city.

Rev. Clarence M. Gallup, D. D., of Providence will preach the sermon, which will be followed by the charge to the church by Rev. William T. C. Hanna, D. D., father-in-law of Rev. Dr. Pitt. Rev. P. C. Wright, D. D., of New York, will give the charge to the candidate.

Deacon Shepard B. Palmer, chairman of the committee, will preside.

SETH REGIMENT IS TO HOLD ANNUAL OUTING

The second annual outing and reunion of the Fifty-sixth regiment will be held at Pleasure Beach, Bridgeport, on Aug. 27, according to notices received by members of the regiment in New London.

There will be a parade in Bridgeport, after which the members will enjoy a boat ride to Pleasure Beach, where an elaborate dinner will be served at the hotel. A programme of athletic events is being arranged to take place in the afternoon.

The Fifty-sixth regiment was commanded by Major Morris E. Payne of New London, and the Ten and a Half companies, Connecticut National Guard of New London, formed the basis of the regiment. It was organized at the island forts from Connecticut troops and saw considerable service in France.

DATE IS NOT SET FOR CORPORAL BOGUE'S FUNERAL

Through a misunderstanding on the part of some of the members attending the meeting at Battery B at the ramory Monday night, it was reported that the funeral of Corporal Irving E. Bogue, for which a military escort is to be provided, was to be held this (Wednesday) afternoon.

The date for the funeral has not been set as yet. The body of the soldier has arrived in New York city and will be forwarded here by the government, but it cannot be told yet when that will be.

The funeral will be held at the Norwich Elks' home, Corporal Bogue having been a member of Norwich lodge No. 430, B. P. O. E. The arrangements will not be announced until the body has been brought to this city.

COMPENSATION PAYMENTS FOR FAMILY NOW IN POLAND

A Polish woman and her two children in Poland will receive \$2,402.40 from the Thames River Specialty Co., of Montville, now the Robert Gair Corp., according to a decision of Compensation Commissioner Donohue of New London county. The woman is the widow of Anthony Stankowski, employed by the Thames River Specialty Co., and on July 4, 1918, he was scalded to death at the factory. Owing to the war, the claim was held up. A hearing was held on July 1 of this year, and an investigation held to discover whether or not Stankowski had been contributing to the support of his family in Poland. The money will be paid by a Hartford company, insurer of the Thames River Specialty, in weekly installments of \$7.71, for 212 weeks.

NORWICH POSTAL RECEIPTS GAINED \$5,826 IN YEAR

Norwich postal receipts for the year from July 1, 1920, to July 1, 1921, show the gratifying increase of \$5,826.55 over the similar period of the preceding year. In many postoffices of the country slackened business conditions have been indicated by the decrease in postal receipts, which in some places have been very considerable.

At the New London postoffice the sale of stamps was \$204.55 less than a year ago.

Women are hangeable. Men are monotonous.

of Endeavor and church work. On one

morning these conferences were upon the work of the various denominations, of which 25 were represented.

The convention speakers included William Jennings Bryan, Frederick A. Wallis, Fred B. Smith, A. E. Cory, Floyd W. Tompkins, S. D. Gordon, Robert E. Spear, Roger Babson, Ira Landrith, Francis E. Clark and scores of others. At the Sunday evening decision service 105 Endeavorers made definite declaration of intention to enter full time Christian service.

U. S. COMMERCE CHAMBER STUDYING SCHOOL PROBLEMS

Attention of the members of the Norwich Chamber of Commerce was directed to local public school affairs by a pamphlet received Tuesday from the Bureau of Education of the Chamber of Commerce of the United States. The pamphlet, which also has been submitted to fourteen hundred other trade and commercial organizations connected with the National Chamber, calls upon business men everywhere "to aid actively in bringing the local schools to a high plane of effectiveness."

The pamphlet announces that it is the intention of the National Chamber's Bureau of Education to issue four other pamphlets dealing with various phases of the public schools with the idea of stimulating the interest of American business men in school matters. The four succeeding pamphlets will deal with: Buildings and Equipment, Health and Physical Education, The Teacher and Laws and Administration. Question blanks will be sent out with the pamphlet to aid local committees in assembling and tabulating information. After this school data is gathered and compiled by the National Chamber it will be disseminated so that it will be possible to compare the situation in one city with that in another. The initial pamphlet points out that the future welfare of American business and the efficiency of the American public school are bound together, and that American business will suffer as long as ignorance prevails.

Here are some interesting facts concerning the American public schools contained in the pamphlet:

"Out of every hundred pupils who enter public schools, only fifteen get through high school and fewer than three finish college.

"More than five million persons, three million of whom are native born or ten years of age, can neither read nor write the simplest words. It is estimated that four times that number cannot read a newspaper or write a letter.

"Literacy is costing the United States \$32,000,000 annually, through accidents and inefficiency.

"There are more than thirteen million foreign born in the United States today, five million of whom cannot read or write the English language, and two million of whom are illiterate.

"At least forty per cent of our elementary school classes are so large that the individual child cannot be given necessary care and personal instruction.

"The average child enrolled in the public school attends 120 days during the school term or about three-fourths of the time. Absence costs the United States \$195,000,000 annually.

"About 125 teachers, out of a total of 650,000 leave the profession annually and their places are filled by inexperienced people.

"The percentage of men teachers in the United States has fallen from forty-three per cent to twenty per cent.

"The public schools of the United States cost about \$760,000,000."

CHRISTIAN ENDEAVOR CONVENTION MOST SUCCESSFUL GATHERING

The local delegates to attend the world's Christian Endeavor convention in New York from July 8 to 11th have returned with reports of a wonderfully impressive and inspiring series of meetings. Eight made up the Norwich party, comprising Albert and Carl Brand, Rev. J. H. Strouse, Miss Elizabeth Dean, Miss Elizabeth Williams and Miss Harriet Williams, all of the Central Baptist church, Mrs. Bishop of Lebanon and Miss Florence Bennett of the First Congregational church, Norwich Town.

With the closing message of Dr. Francis E. Clark, founder of the movement, the sixth world's Christian Endeavor convention passed into history as the largest and most successful religious gathering of young people at any time.

The sessions were held at the Seventy-first Regiment armory, with overflow meetings in the Marble Collegiate, Brick Presbyterian, Madison Avenue Baptist, First Methodist and many other churches.

In the course of the sessions 60 evangelistic teams, recruited from the young delegates, held noon meetings in wide and varied sections of the city. The largest of these, upon the subject of the Scripps, lay with the music led by Home-Roddeheaver and his trombone, with John McNeil and John Pollock speaking, drew thousands.

On Saturday afternoon the Endeavorers staged an historic Fifth avenue, 12,000 in line, practically every marcher in costume, with a series of more than a dozen floats picturing the principles of Christian Endeavor. Federal Commissioner of Immigration Frederick A. Wallis, chairman of the committee of arrangements, led the parade. William Jennings Bryan and Dr. and Mrs. Francis E. Clark rode at the head of the parade in an automobile. All the united society officers and local committee chairmen were in line. Blaise New York admitted the parade to be the most picturesque and most successful ever known to a city familiar with countless parades. A motion picture camera man in a police tower ran up and down the parade and expressed his disgust profanely.

"Who'd a ever thought it'd be good!" Pagant and the colors of many lands marked practically every session. A separate junior world's convention enrolled more than 1,600 registrations in addition to the 1,000 registered delegates to the main convention. The kids conducted their own sessions, then presented a dramatic pageant at the armory.

The missionary committee filed the armory theatre with an exhibition in which 25 denominational boards co-operated. A missionary pageant on Sunday afternoon brought the messages of the foreign countries, of which not one in the world today is without Christian Endeavor. On Thursday evening a missionary tea was held in Chinatown and more than 1,000 Endeavorers were the guests of New York city Christian Endeavor societies.

An alumni banquet was held at the Hotel Majestic with 1,400 at table. Two state conventions were held in Fifth avenue churches, and with 1,000 Endeavorers in attendance. Three simultaneous quiet hour sessions started each morning's session, led by such outstanding figures as Dr. David James Burrell, Dr. William Hiram Foulkes and Dr. E. L. Reiner.

In the second period of each morning more than 20 leadership training courses were conducted on various departments.

PICRIC ACID TO BLOW OUT STUMPS IN CONNECTICUT

To stimulate interest in land clearing, the good roads bureau of the department of agriculture is distributing 12,500,000 pounds of picric acid, of more than 40 per cent dynamite, throughout the country for blowing rocks and tree stumps out of land.

Based on the annual report of the secretary of the interior for 1918, Connecticut has 108,000 acres of cut-over land, and consequently the Washington bureau has allotted 24,000 pounds of picric acid for the Nutmeg state. The Connecticut Agricultural college at Storrs has been communicated with, and the department will act through that college in the distribution of the explosive. The state farmers will have until May 1, 1922, to avail themselves of this offer.

The picric acid will be sold at a reasonable rate to the farmers and others for agricultural purposes, but no more than 1,000 pounds will be sold to any one person. Orders will not be received from individuals directly by the government, but they must make all orders addressed to the state agency in Connecticut, Storrs. Parties ordering must pay the amount, \$2.50 per pound, in advance. The rate of freight from Sparta, Wis., to Hartford

is two and a half cents a pound, and from Wingate five cents.

The government describes picric acid as a safe explosive, that it is more insensitive to shock or impact than the other commercial explosives, but it must be handled with respect.

Coroner Brown's Estate Was \$47,097

As executor of the will of former coroner Franklin H. Brown, Arthur M. Brown has made his final report to the court of probate.

The total estate amounts to \$47,097.99 and for the most part is real estate. There were seven legacies of \$1,000 each and the usual taxes, undertakers' and doctors' bills and expenses of settling and an allowance of \$990 to the widow amounted to about \$14,000. Mrs. Brown is left the use of about \$33,000 and it will finally go to the grandchildren.

Mystic Bridge Closing Affects Trolleys

Starting Wednesday July 13, traffic over the Mystic drawbridge, will be stopped, which necessitates a new schedule on the Groton and Stonington division of the Shore Line Electric. Cars out of Westerly will terminate at Mystic, the schedule being so arranged that 15 minutes will be allowed for connections going either direction.

They say the cause of the quarrel was a letter his wife found in his pocket.

"One that he had forgotten to mail."

"One that he had forgotten to burn."

Woman (to magistrate): "Will you please send a policeman to caution a neighbor who has struck me and called me a slut and a name?"

Magistrate: "Why not take out a summons?"

Woman: "Well, between you and me all I said about me is true, but I don't want every one to know it."

Tit-Bits.

"You will never get anywhere unless you have higher ideals than this," preached the woman to whose door the tramp had applied for assistance. "Are you really content to spend your life walking around the country begging?"

"No, lady," answered Weary Willie. "Many's the time I've wished I had an auto."
